Comprehensive Gynecologic Cancer Care

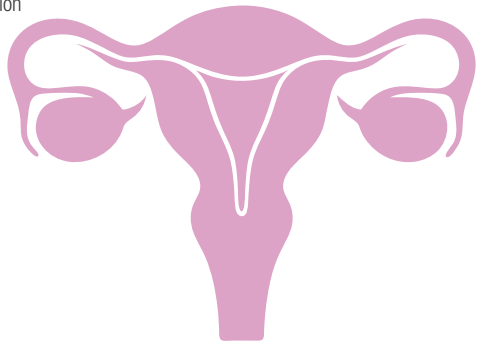

Gynecologic cancers often require coordinated decision-making across multiple specialties. At Apollo Cancer Centres, Hyderabad, specialists in surgical, medical and radiation oncology work together to provide comprehensive evaluation and personalised treatment planning.

Our Multidisciplinary Approach

- Surgical Oncology
- Medical Oncology
- Radiation Oncology
- Multidisciplinary Tumour Board review
- Precision diagnostics and molecular evaluation
- Individualised treatment planning
- Supportive care, rehabilitation and patient navigation

Focus Areas

- Ovarian Cancer
- Cervical Cancer
- Endometrial Cancer
- Vulvar and Vaginal Cancers
- Complex and Recurrent Gynecologic Cancers

One Patient.
One Coordinated Treatment Plan.

ADVANCED CARE & FUTURE READINESS

Advanced Cancer Care Backed by Expertise and Innovation

Apollo Cancer Centres brings together multidisciplinary clinical expertise, precision diagnostics and advanced treatment capabilities to support informed decisions across the patient's cancer journey.

Advanced Radiation Oncology

Precision-led radiation planning and treatment approaches designed around the patient's clinical requirements.

Precision Diagnosis

Advanced imaging, pathology, molecular evaluation and genomic insights to support accurate diagnosis, staging and treatment planning.

Complex Cancer Surgery

Specialist surgical evaluation and treatment planning for early, advanced and recurrent gynecologic cancers.

Multidisciplinary Treatment

Coordinated inputs from surgical, medical and radiation oncology specialists for individualised care.

Personalised Systemic Therapy

Evidence-led medical oncology treatment based on disease characteristics and patient needs.

Advancing the Future of Cancer Care

Apollo continues to strengthen its cancer-care capabilities through advanced precision oncology and the development of its **upcoming Proton Centre at Hyderabad.**

REFERRAL SUPPORT

Together in the Fight Against Gynecologic Cancer

Supporting clinicians with multidisciplinary expertise, coordinated treatment planning and seamless patient care. When a patient requires specialised evaluation or management for a gynecologic cancer, our multidisciplinary team is available to support timely consultations, coordinated treatment planning and seamless access to specialist care.

Clinical Referral Support

- Multidisciplinary Tumour Board review
- Specialist opinion and case discussion
- Coordinated treatment planning
- Patient navigation support
- Seamless specialist access
