The College is equipped with Air Conditioned Lecture Halls with multimedia audio-visual aids and well equipped demonstration rooms and Laboratories attached with a 1190 bedded Teaching Hospital located at Suraram, Medchal-Malkajgiri District as per NMC norms. Our teaching staff consists of many renowned professionals from all over India.

Dear Colleagues,

We are very much pleased to invite you to CPD on "CNS INFECTIONS & BASICS OF SQUASH INTERPRETATION IN CNS TUMOURS". Diagnosing Central Nervous System (CNS) tumours early and accurately is crucial. It dictates life-saving surgical, radiation and pharmacological interventions, prevents irreversible neurological decline and allows doctors to determine tumor grade and molecular makeup to personalize treatment. Intraoperative Squash cytology is an invaluable technique in neurosurgery used to rapidly examine CNS tumours. This CPD will be helpful for the postgraduates to get a brief idea on CNS tumours and Squash Cytology.
