

Department of Physiology, Bhaskar Medical College

Yenkapally (V), Moinabad (M), Ranga Reddy District, Telangana

Under the Aegis of Association of Telangana Physiologists

Continuous Professional Development (CPD) Program

Theme - Micturition Dynamics: From Physiology to Integrated Clinical Practice

- The Science of Control, The Burden of Silence

On Saturday, 10th October, 2026

Time: 09.00 AM to 05.00 PM

Program Schedule

Session / Time	Sessions / Topics	Speakers
09.00 – 09.30 09.30 – 09.45	Registration Inauguration Welcome Address and Introduction to Program	Organizing Team, Department of Physiology
Session I 09.45 – 10.30 10.30 – 10.45	The Pelvic Landscape: Structural Cartography of the Lower Urinary Tract and Anatomical Foundations of Continence Case Discussion, Question and Answers	Dr. Syeda Nasreen Fatima Professor and Head Department of Anatomy Bhaskar Medical College
10.45 – 11.00	Morning Tea Break	
Session II 11.00 – 11.45 11.45 – 12.00	Physiology of Micturition: Sensorimotor Integration, Bladder Mechanics (Biophysics) and Continence Case Discussion, Question and Answers	Dr. Mohammed Abrar Hassan Professor and Head Department of Physiology Bhaskar Medical College
Session III 12.00 – 12.45 12.45 – 01.00	The Brain–Bladder Axis: Neural Control, Supraspinal Regulation and Neurogenic Dysfunction Case Discussion, Question and Answers	Dr. B. Om Prakash Consultant Neurophysician Department of Neurology (General Medicine) Bhaskar Medical College
01.00 – 01.45	Lunch	
Session IV 01.45 – 02.30 02.30 – 02.45	The Geriatric Bladder: Incontinence, Multisystem Frailty and the Psychosocial Dimensions Case Discussion, Question and Answers	Dr. B. Ram Mohan Consultant Geriatrician, North Carolina, USA
Session V 02.45 – 03.30 03.30 – 03.45	Female Pelvic Dynamics Across the Lifespan: Gestation, Parturition, Menopause and Senescence Case Discussion, Question and Answers	Dr. K. Kavitha Professor Department of Obstetrics and Gynaecology Bhaskar Medical College
Session VI 03.45 – 04.30 04.30 – 04.45	The Urinary Outflow Obstruction in Males: Prostatic Resistance and Urodynamic Changes Case Discussion, Question and Answers	Dr. Sanjay Sharma Professor Department of Urology (General Surgery) Bhaskar Medical College
04.45 – 05.00	Feedback, Valedictory and Vote of Thanks	Organizing Team, Department of Physiology
